Issue	Date	Changes
01	16-02-2009	New document
02	13-01-2011	Several general requirements removed Procurement and environmental requirements added

Document : **ExhB-A400M-Ice Protection Plates**

AA-Q6	MANDATORY FLOW DOWN OF REQUIREMENTS Supplier shall transmit Buyer's requirements to its subcontractors and suppliers.
AA-Q7	PROCUREMENT SOURCES Supplier shall only procure materials and standard parts from Airbus approved sources (see http://www.airbus.com/en/airbusfor/suppliers/) Supplier shall not deliver goods to Fokker, which have been manufactured in the USA. The goods shall be accompanied by a Certificate of Origin, stating the country where the goods have been manufactured.
AA-Q8	ENVIRONMENTAL REQUIREMENTS 1. Supplier shall implement an environmental management system, based on ISO 14001 or any other similar standard, to manage the environmental issues related to its activities. 2. Supplier shall comply with all applicable environmental laws and regulations. Supplier shall comply in particular with the European Regulation (EC) No. 1907/2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (hereinafter "REACH"). In such respect, Supplier shall perform services and/or deliver products to Buyer which do not contain any substances banned under applicable laws or regulations.

Approved:
Eelco Houkes,
Manager Quality procurement
